

June 10, 1983

Memo to File:

RE: Red Rock Mine
S. and S. Mining
ACT/037/050
San Juan County, Utah

A meeting was held on May 24, 1983 at the First Western National Bank of Moab. Lee Yockey, representing the bank, Robin Groff and Roy Rockwell from S. and S. Mining and Tom Tetting and Pam Grubaugh-Littig from the Division attended. Agreement was reached on the \$15,000 (1983) reclamation cost estimate by all present. Recommendations were made for appropriate adjustments in the Mining and Reclamation Plan. All outstanding review requirements as well as a surety form proposal were agreed upon to be submitted by June 10, 1983.

Phone call attempts on June 10th to Robin Groff indicated that nothing had been prepared. Unless material arrives within a week or two an Order to Show Cause should be prepared calling for an appearance before the Board to state why mining activities should not be suspended until the surety is posted and the MRP completed.
